

HISTORY OF ESTABLISHMENT AND OPERATION

St. Charles Parish's boards, commissions and committees provide an invaluable service to the Parish. Their recommendations on various subjects aid the Parish Council and Parish President in the legislative and executive activities. Effective citizen participation provides a vehicle for the successful operation of Parish Government.

Boards, commissions and committees originate from many different sources. The Home Rule Charter of St. Charles Parish provides in Article III, Section A.7.c. that the Parish Council may:

- "iii. Require periodic and special reports from all parish officers concerning the affairs of their respective departments, offices, agencies or special districts, which reports shall be submitted by and through the Parish President in the case of departments, offices, agencies and special districts subject to his jurisdiction."
- "vi. By ordinance, abolish or consolidate any parish department, office, agency, board, or commission or provide for the consolidation and transfer of any of the functions of such departments, offices, agencies, boards or commissions."
- "x. Provide budgetary, fiscal and other controls over all special boards, commissions, agencies, districts or any device having governmental functions which it or its predecessor has created to insure the maximum possible coordination of government at the local level in St. Charles Parish."

The Home Rule Charter of St. Charles Parish, Article III, Section C.4., provides for the continuation of the Planning and Zoning Commission. The Charter also defines the powers, duties and functions of the Commission.

Boards in existence prior to June of 1980 were created by the St. Charles Parish Police Jury, predecessor to the St. Charles Parish Council, as provided by State Law. Boards, commissions and committees created since June 1980 by the St. Charles Parish Council usually originated in ordinance or resolution form.

In order to assure maximum productivity and success of every board, commission and committee functioning in St. Charles Parish, it is necessary to adopt uniform rules of policies and procedures.

STRUCTURE

Every board, commission and committee has a specific statement of purpose and function which may be re-examined periodically by the Parish Council and Parish President to determine effectiveness. This statement of purpose shall be made available to all members when nominated for the appointment.

The size of each board, commission and committee is generally determined by the Governing Authority based on its needs, duties and responsibilities.

Creation language for board, commission or committee if not specified in the Home Rule Charter shall be contained in an ordinance or resolution. Creation documents creating committees must be specific regarding their function, purpose, make-up, length of service, and meeting schedule; specific language regarding sub-committees shall also include function, purpose, make-up, and length of service. Sub-committees are chaired by committee members and members of the sub-committee are nominated and approved by a majority vote of the committee. Exception: Standing committee of the Parish Council shall be for an undetermined length of time.

APPOINTMENTS

Members of most boards, commissions and committees are appointed by the St. Charles Parish Council. Some boards, commissions and committees may require appointment by the Parish President (or other agency).

Vacancies on boards, commissions and committees that require Council action, are generally announced on the Council Agenda in advance of the Council accepting nominations so that any interested citizen may express an interest in the position.

Terms vary from one body to another, but in all cases overlapping terms are intended.

When appropriate, nominees to any board, commission and committee are immediately forwarded a confirmation questionnaire along with: a) a copy of the creating ordinance or resolution which outlines the duties and responsibilities; b) regular meeting date and time schedule; c) copy of the Code of Governmental Ethics for Public Servants for the State of Louisiana.

An Oath of Office for board and commission members shall be administered by any Judge, Justice of the Peace or Clerk to any new appointee prior to his participation on the board or commission. Oaths of Office for committees shall be administered by an appropriate Parish Official. This Oath shall be recorded in the Office of the Clerk of the Parish.

New members shall receive a briefing by the chairperson of the board, commission or committee upon appointment. An orientation regarding the duties and responsibilities of the new member shall be provided by a designated administrative staff person. This orientation shall include a review of the "sunshine" law as well as the Ethics Code for the State of Louisiana.

Members may resign any time their personal circumstances change to prevent effective service. Notice of resignation shall be in writing to the governing authority or the appointing authority.
